

CORPUS CHRISTI SCHOOL

1 to 1 DIGITAL LEARNING PROGRAM

Corpus Christi School has begun a Digital Learning Program with the implementation of 18 Apple MacBooks in a mobile lab. During the first year of the program, the laptops are enhancing teaching and learning for all students in the third and fourth grade. Each student has access to the laptop throughout the day, integrating the technology into the class curriculum.

Why you'll love a Mac for School. It makes the best years of your life even better.

This is a great time to be a student. Technology is making learning more exciting -- and more fun. And, as usual, Apple is playing a major role.

- 1.Tools that engage and motivate today's learners.
- 2.Ideal application for addressing standards
- 3.Learning in depth.
- 4.Students are prepared with 21st century skills.
- 5.Powerful tools to facilitate project-base learning.
- 6.All learning styles are supported.
- 7.Motivation to inspire excellence.
- 8.Easy-to-use applications keep the focus on learning.
- 9.Inspiring teaching with new possibilities.
- 10.A wealth of teacher resources are available.
